Our History & Who We Are Today...

St. John UCC was the first congregation to be organized in the city of New Holstein on February 10, 1865. We are a member church of the United Church of Christ which was started in 1957, when the Evangelical and Reformed Church and Congregational Christian churches united. The first church building we used was located on Wisconsin Avenue across from the cemetery. Our original frame church with a large steeple was erected in 1875 on State St. which was devastatingly struck by lightning and burned to the ground in 1908. The current Church that our congregation resides in was built in 1956, and only included the sanctuary and education building. A lounge and enlarged narthex were added in 1971. Many of the original settlers of New Holstein were highly intelligent, free-thinking people and many generations of the original members still reside with us today to maintain their families' commitment to making the Christian message understandable and relevant to their daily lives. This tradition continues at St. John through our religious education program for our youth and the wonderful worship services we offer on Sunday mornings.

Members of the congregation are encouraged to participate in activities such as our Wednesday morning bible study, Palm Sunday breakfast, family events, brat and bakery sales and other fellowship events or activities that our members have put together to make our church more family-like. St. John takes special offerings for Neighbors in Need, One Great Hour of Sharing, Church World Service and helps support our local food pantries and other areas of the community.

Our congregation is friendly and practices open communion which means that all are welcome to share in the body and blood of Christ. We offer a drive-up entrance and a fully accessible narthex and sanctuary for those with special needs. We are equipped with an audio-visual system which is incorporated into our Sunday service worship to help everyone to see and hear the service. We also record our services to share with our congregants, especially those that are unable to attend due to mobility issues.

Our congregation looks forward to the future with great enthusiasm, hope, and gratitude for all the many blessings that God has to offer. We look forward to seeing you at our services!
